We have a wider selection of drinks, look at our drinking menu.

Per på Hjørnet (PPH) took over the premises of La Parisienne, a French bakery that ceased operations in the summer of 1994. The premises were ready for opening on 28 October, but due to technicalities we only opened officially on 6 January 1995.

The pulpit is original and now houses the music system. The tank facilities were taken over from what was once Speaker's Corner, notorious for its excellent Frydenlund brew. We at PPH are happy to be able to continue this tradition.
